environment & planning a

international journal of urban and regional research · volume 22 1990 · a pion publication

Editors
A G Wilson School of Geography, The University of Leeds, Leeds LS2 9JT, England
N J Thrift Department of Geography, University of Bristol, Bristol, BS8 1SS, England
R J Johnston Dept of Geography, The University of Sheffield, Sheffield S10 2TN, England
W A V Clark Dept of Geography, University of California–Los Angeles, CA 90024, USA

Book reviews editor
T Barnes Department of Geography, University of British Columbia, Canada

Editorial assistant
R J P Whitehead 19 Dunstarn Lane, Leeds LS16 8EN, England

Contributions should be sent in triplicate in the first instance to the Editorial assistant or to one of the editors familiar with the subject. Submission of a paper implies acceptance of the following three conditions: (1) the paper reports unpublished work; (2) the paper is not being submitted to any other journal; (3) if accepted, the paper will not be republished without the consent of the publishers. The editors' decision is final.

Contents

Volume 22, number 1

Commentaries

The public interest in private pensions in the United States G L Clark 1

Environment and planning: what's in a name? P H Rees 2

'Homelessness', contagious destruction of housing, and municipal service cuts in New York City: 2. Dynamics of a housing famine R Wallace 5

Location, management strategy and workers' pensions G L Clark 17

The location of fire stations in a rural environment: a case study D Richard, H Beguin, D Peeters 39

Household life-cycle change in the urban council housing sector, 1971–81 R G Ford, G C Smith 53

Variability and location A Camacho, J Persky 69

Regional differences in manufacturing performance: the case of the Canadian food and beverage industry, 1961–84 D L Rigby 79

External takeover and regional linkage adjustment: the case of Scotch whisky J H Love 101

Intensive income in demo-economic input–output models J H Ll Dewhurst 119

Reviews 129

Volume 22, number 2

Commentaries

The ever-changing politics of nature conservation in the United Kingdom T O'Riordan 143

Understanding residential segregation W A V Clark 145

Restructuring, workers' pension rights, and the law G L Clark 149

Human way-finding in an urban environment: a performance analysis of a computational process model S Gopal, T R Smith 169

The importance of place of birth in migration and population redistribution analysis A Rogers, A Belanger 193

New forms of manufacturing and their spatial implications: the UK electronic consumer goods industry S Milne 211

High-technology restructuring in the USA and Japan R Florida, M Kenney 233

Testing the recession theory as an explanation for the migration turnaround T Kontuly, H J Bierens 253

Reviews 271

Volume 22, number 3

Commentary
University league tables R J Johnston 285

Using hierarchical information integration to model consumer responses to possible planning actions: recreation destination choice illustration 291
J J Louviere, H J P Timmermans

Labour productivity growth in Canadian manufacturing: a regional analysis 309
W P Anderson

Mortgage default: why Finland is not like Britain J Doling 321

Neutral migration process and its application to an analysis of Canadian migration data 333
K-L Liaw

The internationalisation of the Japanese construction industry: the rise and rise of Kumagai Gumi 345
P J Rimmer

The establishment of a subcenter and urban spatial structure K Sasaki 369

The changing spatial structure of manufacturing plant in Great Britain, 1976 to 1987 385
J Tomkins, J Twomey

Modelling the transition from the industrial to the informational revolution Y Veneris 399

Reviews 417

Volume 22, number 4

Commentaries
Commentary on interdisciplinary research cultures R J Johnston 431
The International Geographical Union and its Commission on Mathematical Models M M Fischer 435

A flexible and consistent system for modelling interregional trade flows C Hua 439

Comparative analysis of modelling land-use transport interaction at the micro and macro levels 459
R L Mackett

Conceptualizing regional dynamics in recently industrialized countries 477
A Vázquez-Barquero

An entropy model with variable target K O Jörnsten, T Larsson, J T Lundgren, A Migdalas 493

Ranking regression analysis of spatiotemporal variables R Reiner, M Munz 507

Spatial flows and competing central places: towards a general theory of hierarchical interaction 527
T J Fik, G F Mulligan

The lure of the USA: some further reflections A G Hallsworth 551

Reviews 559

Volume 22, number 5

Commentary
ESRC and the 1991 Census N Wrigley 573

Spatial search processes and spatial interaction: 1. Sequential search, intervening opportunities, and spatial search equilibrium H Jayet 583

The redistributional impact of modern rent control R P Appelbaum, J I Gilderbloom 601

Temporal and spatial distribution of benefits and costs in river-basin schemes: a cooperative game approach C M Dufournaud, J J Harrington 615

Australian coal in the global context: a paradox of efficiency and crisis K D Gibson 629

Elders IXL Ltd: finance capital and the geography of corporate restructuring R H Fagan 647

The location of closed watersheds for urban water supplies: a theoretical and historical analysis J R Lund 667

On partial consultation in forestry I Brotherton, M Hetherington 683

The differential impact of a uniform access improvement A Skaburskis 689

Reviews 695

Volume 22, number 6

Winner of the Anniversary Award: Dr Steven Pinch

Commentaries
Spatial interaction modelling: some interpretations and challenges J R Roy 712
What's the fuss about fractals? A S Fotheringham 716

Spatial search processes and spatial interaction: 2. Polarization, concentration, and spatial search equilibrium H Jayet 719

Invisible women? The contribution of the Chicago School of Social Service Administration to urban analysis D Sibley 733

Perturbations of the Perron vector: applications to finite Markov chains and demographic population models E Dietzenbacher 747

Physical and environmental determinants of urban deterioration and rehabilitation: a conceptual framework and a case study H Law Yone, M Shechter 763

A behavioural map of commuting distances in the London region I Molho 779

Shifting the balance between state and market: the reprivatisation of rental housing provision in Britain P A Kemp 793

Replacing the concept of high technology: towards a diffusion-based approach R McArthur 811

Residential property values, the CBD, and multiple nodes: further analysis H W Richardson, P Gordon, M-J Jun, E Heikkila, R Peiser, D Dale-Johnson 829

Reviews 835

Volume 22, number 7

Commentaries

Geographic information systems in the social sciences I Heywood 849

Environmentalism and the green economy D Pearce 852

Trajectories of neighbourhood change: the case of gentrification R A Beauregard 855

Job quality in small businesses: electrical and electronic engineering firms in Dorset R A Blackburn 875

Class, attitudes, and retrospective voting: exploring the regional variations in the 1983 general election in Great Britain R J Johnston, C J Pattie 893

Modeling elderly mobility W A V Clark, K White 909

On the voluntary approach to resolving rural conflict I Brotherton 925

Perspectives on the post-1984 restructuring of state forestry in New Zealand M M Roche 941

A behavioral model of international labor and nonlabor migration: the case of Turkish movements to West Germany, 1960–1986 B S Waldorf, A Esparza, J O Huff 961

Reviews 975

Volume 22, number 8

Theme papers on: analytical political economy

Commentary

Space and analytical political economy: editorial introduction T J Barnes 991

Analytical political economy: a geographical introduction T J Barnes 993

Transportation in a capitalist space-economy: transportation demand, circulation time, and transportation innovations E Sheppard 1007

Technical reswitching: a spatial case C Pavlik 1025

The state of analytical political economy in geography M S Gertler 1035

Technical change and the rate of profit: an obituary for Okishio's theorem D L Rigby 1039

Profitability and capital accumulation in Canadian manufacturing industries M Webber, S Tonkin 1051

Rates of interest: a review A C Lea 1073

Other titles

Location-spatial interaction models: 1. Benefit-maximizing configurations of services H C W L Williams, K S Kim, D Martin 1079

Class, politics, and planning: from reductionism to pluralism in Marxist class analysis N P Low 1091

The zealousness of being novel: a reply to Haila E Clark 1115

Reviews 1121

Volume 22, number 9

Congratulations 1133

The problem of success 1134

Commentaries

The perils of the international financial system N J Thrift 1135

One view of a conference on SDSS: are we descended from the Golgafrinchams after all? A S Fotheringham 1137

Research policy and review 32. Producer services and regional development: a review of some major conceptual policy and research issues P N O'Farrell, D M W N Hitchens 1141

Location-spatial interaction models: 2. Competition between independent firms H C W L Williams, K S Kim 1155

The services sector and urban spatial structure: equilibrium versus catastrophe Xiao-Ping Zheng 1169

Dealing with uncertainty and fuzziness in development planning: a simulation of high-technology industrial location decisionmaking by the analytic hierarchy process A R Banai-Kashani 1183

The location of US manufacturing: some empirical evidence on recent geographical shifts B Ó hUallacháin 1205

Löschian spatial competition and the related labor market J E Kohlhase, H Ohta 1223

Why not in my backyard? A radical interpretation of public opposition to the deep disposal of radioactive waste in the United Kingdom R Kemp 1239

Environmental sustainability and cost–benefit analysis E B Barbier, A Markandya, D W Pearce 1259

Reviews 1267

Volume 22, number 10

Commentaries

Research data and technology development D E Boyce 1275

Flexible futures and post-Fordist places: comments on Pathways to Industrialisation and Regional Development in the 1990s—an international conference R Martin 1276

Location-spatial interaction models: 3. Competition between organizations H C W L Williams, K S Kim 1281

The uneven development of capitalist states: 1. Theoretical proposals and an analysis of postwar changes in Canada's assisted housing programmes V Chouinard 1291

Transient chaotic behaviour in a hierarchical economic system R W White 1309

Public investment and privatisation in the new towns: a financial assessment of Bracknell I Turok 1323

Service activities and uneven spatial development in Britain and its European partners: determinist fallacies and new options J N Marshall, C Jaeger 1337

A theoretical framework for the interactions among models in the integrated transportation and land-use package H W Miller Jr 1355

Greenbelts in the Cornbelt: riparian wetlands, intrinsic values, and market failure C L Lant, R S Roberts 1375

Tertiary sector hypertrophy during development: an examination of regional variation K Pandit 1389

Reviews 1407

Volume 22, number 11

Commentaries
Green taxes S Owens 1417
Europe, Europe? N J Thrift 1420

Research policy and review 33. Why is more notice not taken of economists' prescriptions for the control of pollution? N Hanley, S Hallett, I Moffat 1421

The uneven development of capitalist states: 2. The struggle for cooperative housing V Chouinard 1441

Logit models and chaotic behaviour: a new perspective P Nijkamp, A Reggiani 1455

An analytical framework for assessing the benefits and costs of policies related to protecting groundwater quality W-Y Huang, N D Uri 1469

Quantity-discounted transportation rates, location, and the theory of production J P O'Brien, Y-N Shieh 1487

The migration response to the economic turnaround in New England R Barff 1497

Housing submarket differentiation under conditions of capital decentralisation—Albury-Wodonga, Australia R J King, J A Fitzmaurice 1517

Reviews 1545

Volume 22, number 12

Commentaries
Ethical aspects of corporate restructuring G L Clark 1557
GIS in the 1990s? S M Macgill 1559

Employment subcenters and land values in a polycentric urban area: the case of Chicago J F McDonald, D P McMillen 1561

The technopoles of Southern California A J Scott 1575

Service activities and the evolution of production systems: an international comparison W J Coffey, A S Bailly 1607

Inner, final, and feedback structures in an extended input-output system N Adamou, J M Gowdy 1621

Spatial and sectoral aggregation in the commodity-industry multiregional input-output model R E Miller, G Shao 1637

Resource allocation and planning in health care systems R M Wilson, R W Gibberd, L D Mayhew 1657

Embodied inputs and the classification of basic and nonbasic activity: implications for economic base and regional growth analysis J C Stabler, L V St. Louis 1667
